

LabCorp Appointment Scheduling

You do not have to schedule an appointment to visit a LabCorp facility but it is highly recommended so that you do not have to spend extra time at the lab.

Online appointment scheduling is available for all LabCorp sites. Same day appointments are available and can be made up to two hours prior to arrival.

Follow instructions to schedule an appointment:

- 1. Visit https://www.labcorp.com.
- 2. Select 'Lab & Appointments' from blue navigation bar.

4. This will bring you to a list of LabCorp locations. Choose your preferred location and click 'Schedule an Appointment' blue button.

5. In the Appointment Tool, select Total number of patients: '1' Reason for Testing :'Employee Wellness with Body Measurement' Will You Be Fasting: 'Yes'

For the most accurate results, you should fast for at least eight hours prior to your screening. Non-fasting testing may cause your results to fall outside of the healthy value ranges. We suggest drinking extra water during the fasting period in order to stay well hydrated for the blood draw

Then choose to 'Find first available' appointment OR select a specific Date and Time. Then click 'Continue'.
