

National Pharmacy Network

This is a partial list of major chain pharmacies that participate in or are members of the National Pharmaceutical Services (NPS) Pharmacy Network.

Almost all major chain and independent pharmacies are a part of the NPS Pharmacy Network. To get the most from your prescription drug plan, just show your plan ID card when picking up your prescription at the pharmacy. Visit www.pti-nps.com to view the most up-to-date list of pharmacy providers or to search for a pharmacy near you.
